• Items Discussed

- Bylaw Revisions: On 5 June, Jason Baker proposed additional changes to the Bylaws that were approved on 15 May. The group discussed several issues, and decided to table the proposal for further discussion at the next meeting.
- National Model Aviation Day Open House on Aug 12th: Harold Chadsey reported that our event has been sanctioned by the AMA, and will be publicized in their publication.
- After discussing the possibility of purchasing protective suits and permethrin spray for walks in the high grass, Dan Rodgers offered to donate several suits to the club. The club will make a minor purchase for the spray.
- Painting of Chain Link Fence: The group decided to paint the top portion of chain link fence. George Saar offered to make a comparison of spray painting vs. brushing.
- Brush hogging: Jason reported that the going rate to brush hog the field is \$600+. Members discussed alternative means to do the cutting. Paul Dwyer volunteered to check with Grand Rental Station to see if they offered brush hogging equipment for daily rentals.
- The group discussed obtaining PCRC (Google) email addresses for individual officers, so they could conduct PCRC business without the entire membership being email recipients. Jason will look into the feasibility of doing this with Google.
- The group discussed painting the wind vane and replacing the wind sock. Several individuals volunteered to look into the options.

- Next meeting:** Monday, 17th of July 7pm, at the field.
