

``Monthly Meeting Notes

PCRC Club Meeting on August 21, 2023

The meeting was held at 7pm, August 21st at the field.

Members attending:

George Saar
John Bangasser
Jim Corey

Paul Dwyer
Greg McCain
Walt Moore

- **Treasury Summary**

- Income *since 17 July*: \$25 Expenses *since 17 July*: \$0 Balance *21 August*: \$3,584

- **Unfinished Business**

- Bylaw Revision: the revision process was completed with the submission of the document to the AMA.
- Grounds Maintenance: The painting of the fences was completed, field stands were repaired, and the windsock post and vane were painted. A special thanks to Greg, Paul, and George for their efforts.
- Model Aviation Day Open House: Because we had an insufficient number of club volunteers to staff the open house on Aug 13, it was unfortunately canceled. However, a group of members did show up for an informal fly-in. Several guests did come by, and one new club member was recruited... welcome Hal Morrison.

- **New Business**

- Painting Porta-Potty: The group accepted an offer from Greg and Paul to paint the porta-potty exterior. Greg and Paul will select and furnish the paint... it will be green in color, possibly with a white or silver top.
- Perry Engineering: Member John Bangasser had a recent conversation with Charlie Cannon of Perry Engineering. Charlie recommended that we call him directly at 540-974-3159 if we lose a plane on Perry property.

Next Meeting will be 7pm, 18 September at the field

Happy Flying All!
