

# Monthly Meeting Notes

## PCRC Club Meeting on 18 August 2025

The meeting was held at 7pm on 18 August at the field.

Members attending: Tom Carney    Cliff Andrea    Jason Baker    Jim Corey    Paul Dwyer  
Dave Fratello    Oliver Gaze    Lee Konopa    Greg McCain    Georg Saar  
Dave Zona

- **Treasurer's Report-** copy attached.
- **Old Business**
  - **Road Maintenance-** Thanks to the members who showed up for road maintenance day on 9 August. Ruts were repaired, bushes were trimmed, and a barrier to prevent erosion was constructed. Special thanks to Dave Zona for borrowing a tractor for the effort and donating blocks for the barrier.
  - **General Maintenance-** John Bangasser repaired the gas trimmer and donated a second trimmer. Paul Dwyer donated an air pump for the tractor tires and sprayed weed killer in the picnic area. Gene Zagorsky adjusted the platform on the new Husky to improve the cut. Thanks guys.
- **New Business**
  - **Solar Powered Charging Station-** Several members suggested that we look at the feasibility of a solar powered charging station. Paul volunteered to contact another local club who has this capacity for any guidance/info they might provide. Jason Baker will search our files for a previous study done by PCRC concerning solar charging; if he can locate, he will provide the info to Paul. Dave Zona volunteered to investigate the cost of a gas-powered generator option.
  - **Web Site-** Gary Foreman and Jim Corey reviewed the website for dated material and found that the "PCRC Field & Flight Safety Guidelines" need updating. Tom Carney volunteered to draft an update for the club. Dave Zona offered to make a photo of the field with marked boundaries for inclusion on the website.
  - **Picnic and Plane Swap-** Members are reminded to reserve the date for a club plane sale/swap and informal picnic on 27 Sep at 10 am.
  - **Hand-Held Lipo Fire Extinguishers-** Paul Dwyer noted that several manufacturers are now offering small, inexpensive fire extinguishers specifically designed to combat lithium-ion battery fires. Club members might want to consider purchasing one of these for their personal toolboxes.

**The next meeting is scheduled for 15 September, 7pm at the field**
